## PROFILE

---

Swedish high school student with above-average grades and a keen interest in the natural sciences. Through my studies and by helping businesses I have learned the importance of patience and an open mindset. I am now seeking new challenges and will participate in the selective process for the International Physics Olympiad. My hope is to conduct research at KTH Royal Institute of Technology as my special project.

## EDUCATION

---

**Technical program with natural sciences profile**, ABB-gymnasiet 2020 - 2023  
Complete and expanded secondary school program.

## SKILLS

---

<b>Code</b>	Python, C++
<b>CAD</b>	Autodesk Inventor
<b>Pneumatics</b>	Multisim, FluidSIM, CoDeSys
<b>Other</b>	Photo and video editing, web design

## EXPERIENCE

---

**Space Research Program, Stockholm** 2022  
Competed with the idea to investigate the behavior of non-newtonian fluids in microgravity.  
The project was presented at the Tekniska museet in Stockholm.
